Rhin-O-Tuff Wire Binding

The OD 4000 Punch With Wire Closer
Module and Coil Inserter Module

The OD 4000 punch features a unique punching registration system that ensures the register of punch holes to the edges of a 279 mm sheet regardless of which punching die is inserted in the machine. You'll never have to move the side guide to the holes centred on the sheet!

Plastic Comb Binding

Two Models

NEW

- Adjustable Margin (2-8 mm)
- Easy to Read Margin Guide
- Incorporates Binding Charts for Quick and Easy Reference.

Shim Tape

Make-Ready Tape for Creasing & Cutting Rule

Shim tape is a micro-thin steel tape used to adjust steel rule to the correct height. It can be affixed to either the die, back of the rule or under the cutting plate. It can be laminated to itself, is absolutely uniform in thickness and available in three roll sizes.

Thickness	Width	Length	Order Code
0.075 mm	7 mm	10 Metres	260-248-075
0.050 mm	7 mm	10 Metres	260-248-050
0.025 mm	7 mm	10 Metres	260-248-025

Special Offer

Until March 30th

Buy 5 Rolls

(may be mixed)

* plus GST

DUPLO DFC-12/24

12 Bin Collator

NEW

Designed for:

- **Quick Printers**
- **In-Plants**
- **Small Commercial Shops**
- **On Demand Digital Printers**

Non-stop Features

The rugged and reliable DFC-12/24 Collator, when used in-line with the DBM-120 Bookletmaker, offers smaller organisations a cost-effective solution to their collating and finishing needs.

The unique programmability of DFC-12/24 offers options to ensure non-stop productivity - up to 3,900 sets per hour.

The Block Program mode conveniently allows you to load paper when the machine is collating. The space-saving, vertical design of the DFC-12/24 is available in 12 or 24 bin configurations and bi-directional feeding, which allows you to collate and create booklets simultaneously.

The unit's 24-bin capacity accommodates the maximum 24-sheets capacity of the DBM-120 Bookletmaker and produces 2,400 professional booklets an hour. With its unique and patented feeding system, flexible programming and modular design, the Duplo DFC-12/24 and DBM-120 combined system is the most versatile desktop collator / bookletmaker on the market.

Number of Bins	12 or 24 bins
Paper Sizes (Min/Max)	148 x 210 mm up to 320 x 450 mm
Paper Type	Bond, NCR and some coated and card stock
Feed Bin Capacity	279 mm
Detection	Double feed, misfeed, paper jam, paper transport jam and bin empty
Speed	65 sets/minute; 3,900 sets/hour
Receiving bin capacity	700 mm
Programming	Alternating Program (link 2 bins), Interleave Program (Slip sheet), Block Program
Options	Bookletmaker and corner / side stapler, stacker or Face trimmer (DBM-120, DBM-120T, DBM-400, DBM-400T, DC-S4)

Functions

- LCD window displays current operating status/mode;
- Four digit counter display (ascending and descending);
- Quickly and easily feed a wide range of stocks with Tray Tension and Separator Control;
- Overlap function allows the operator to vary sheet overlapping for efficient running of difficult stocks;
- Set up all detectors with the Reset Button;
- Programming mode allows the operator to load stock while the machine is running;
- Error Indicators display;
- Offset stacking and straight stacking.
