# HYDRAULIC GUILLOTINE

**GREAT  
MACHINE**

**GREAT  
PRICE**

**EBA** *... the cutting edge*

**SOLID GERMAN  
CONSTRUCTION**

Model 551 (500 mm cut)

## Standard Features:

- Programmable
- Light guards for faster operation
- Hydraulic precision drive for blade and clamping
- Spindle guided electro-mechanical backgauge drive for precision positioning
- Electronic hand wheel with infinitely variable speed for fine adjustment of backgauge (53 mm/s)
- Infinitely adjustable clamping pressure with display (min. 200 / max. 1100 daN)
- Foot pedal for pre-clamping or cutting line indicator
- Optical cutting line indicator
- Durable stainless steel working surface for front and rear table
- Blade made of high quality HSS steel
- Hydraulic swing cut
- Solid steel blade carrier guided on both sides, adjustable
- Adjustable blade depth
- On castors for added mobility

## Options:

- Side tables right and left
- False clamp plate

## Safety Features:

- Electronically controlled two-hand safety operation with light guards
- Safety cover on rear table
- Automatic return of blade and clamp for every point
- Lockable main switch
- 24 volt control
- Blade changing device with covered cutting edge
- Knocking-up device

# BOOKLET MAKING MADE EASY

**ONLY \$960\***  
**AUTO BOOKIE**

With the **AUTO BOOKIE** presenting your documents in a booklet format couldn't be easier. Double-sided prints are turned into a booklet in seconds enhancing your documentation presentation.

## COMPACT

The compact desktop machine provides saddle and side stapling or folding only, for A4 and A5 books with different staple locations.

## MULTIPLE USES

Ideal applications include short-run orders; school, church and association magazines; small handbooks; orders of service and information manuals.

## OPERATION IS SIMPLE

- Place the sheets in the Bookie between the self centring paper size guides.
- Depress the stapling handle to staple the booklet.
- As the handle is drawn back, the Auto Bookie automatically folds and ejects the newly created booklet.

## SPECIFICATIONS AUTO BOOKIE

# PAPER DRILLING MACHINES

From 1 to 5 Heads  
Models to Suit  
All Applications

**STAGO**  
GmbH Distributed & Serviced in Australia by A.E Hudson Pty Ltd

All Stago Drilling Machines are CE approved and have the strict German G.S. Certification.

## TECH TIP #6

### PAPER DRILL BITS

Hollow metal drills will break...

A common reason for drill bits snapping off is that the paper chips have not been cleaned out of the bore of the bit. These pellets expand and can cause rust, particularly in damp or humid conditions. Where a paper build-up is present, the Hudson paper chip remover is a simple device designed to solve the problem.
