- 30 cm dual-powered adjustable rollers permits easier coil insertion.
- Book thickness gauge.
- Coil sizing gauge.
- Can be used as a stand-alone production coil inserter or fitted to HD or OD Rhino model punches.
- Crimper pliers' holder.
- Inserts all pitches and diameters of plastic spiral/coil.

HD 4170

Both machines have ONE YEAR warranty

THE ULTIMATE IN:
Quality Paper Punching
and Book Binding Equipment

FBW

Blanket and Roller Wash

Fast Blanket and Roller Wash

FBW is a fast drying, efficient and highly effective blanket and roller wash designed for use on all machines.

FBW has a low odour level which is greatly appreciated by press operators, particularly those printing on large multi-colour machines.

FBW consists of carefully selected antioxidants that extends blanket life maintaining the original tack. It will not cause swelling or delamination of blankets and will not damage the rubber rollers or blankets in any way.

Used regularly, **FBW** will impede glazing of blankets and rollers, maintaining them in a clean, matt condition aiding their ink transfer properties.

Suitable for all types of blankets and rollers.

- Fast and efficient cleaning action
- Impedes glaze information
- Harmless to rollers and blankets
- Low odour
- Aids ink transfer and release characteristics of blankets
- Economy with maximum efficiency
- Ideal for both large and small presses
- Use straight from container

FBW is packed in 5 litre (219-FBW-05) and 20 litre drums (219-FBW-20)
