Near-line Booklet Making with Digital Printers

such as:

Xerox, Canon, Océ or Indigo

Features of the DUPLO DSF-2000 are:

- Ability to merge pre-collated black & white digital output with a colour cover.
- A sheet counter and end-of-set mark recognition.
- Both in-line and off line finishing options.
- Complete set integrity with optional bar code reader.
- With a Duplo Bookletmaker and Trimmer users can transform pre-collated sheets into professional booklets.

DBM-120SxS Bookletmaker
DBM-120T Trimmer**

Digital Printing Isn't Finished Until It's Professionally Finished!

Pressroom Chemistry

For the Quality & Safety Conscious Lithographic Printer

ABW-2010*

A General Purpose Blanket & Press Wash

ABW-2001* is a highly effective and efficient blanket wash that is fully water miscible. It is non-flammable with a flash point above 61°C. It will not only remove ink but it will also remove gums, paper pile caused by a build up of paper coating and paper fibre on the blanket.

FBW-2010*

Fast Blanket and Roller Wash

FBW-2001* is a fast, efficient and highly effective blanket and roller wash designed for use on all types of machines and on all blankets and rollers. It will not cause swelling or delamination of blankets and will not damage the rubber or blankets in any way.

WGW-2010*

White Gum Washout

WGW-2001* is a non-flammable, white gum plate washout solution suitable for all types of positive or negative aluminium plates. It is ideally suited for use in the press room as it quickly and effectively dissolves even the heaviest ink film on the plate and, at the same time, protects its surface against oxidation thereby keeping the image area ink receptive.

AEH-2010*

Plate Cleaner

AEH-2001* will thoroughly clean all types of multimetal and aluminium positive and negative baked or unbaked plates removing dried ink, scum and light scratches. It also has a desensitising effect keeping the image in an ink receptive condition and is non-flammable. Comes in one litre size only.

DER-2001*

Deglazer and Blanket Rejuvenator

DER-2001* offers a one step cleaning process where previously several steps were necessary to achieve the desired result. It cleans and revives rubber blankets, restores their original resiliency and removes items such as glaze, dried ink, gum residues, paper lint and dust.

ADC-2001*

Aqua Dampener Cleaner

ADC-2001* is a water based, highly effective dampener cover cleaner. It has a powerful cleaning effect and will remove all ink from rollers and dampener covers. It is very mild and harmless to the skin, non-corrosive and totally safe to use. Suitable for both manual and machine use.
