## Creasing Matrix Plastic Counter Film Base

The Ultimate  
in Creasing  
Technology

## For packaging and carton printing

The smooth tapered edges immediately identify **JAZZ** as something different.

Finger lift adhesive tape, colour coded and with full printed identification of size on the product, the quality is easy to discern. This is a product for high speed cutting and creasing.

Make ready downtime is cut to the bare minimum; there is no need for dressing down the make ready and the adhesive system gives a firm hold with 'easy clean' matrix removal.

Available in a vast range of sizes, **JAZZ** is the product for print finishers and box makers who demand the best. From Hudson's.

# WOTAN Cloth Bookbinding Tape

**Self  
Adhesive**

Wotan tape is a high-strength, all-purpose, pressure-sensitive tape that won't peel off. The non-stretch cloth base is waterproof and will adhere to almost any clean, dry surfaces.

Once affixed it will not slide, peel or stretch and really does stand the test of time.

Available in 25 metre rolls in varying widths from 25 mm to 100 mm across, and in eight different colours.

**IT STANDS THE TEST OF TIME!**

**Wotan** - the quality cloth tape from Hudson's.
